WHAT GOD HATH PROMISED

God hath not promised
Skies always blue,
Flower-strewn pathways
All our lives through
God hath not promised
Sun without rain,
Joy without sorrow,
Peace without pain.

But God hath promised
Strength for the day,
Rest for the labor
Light for the way,
Grace for the trials,
Help from above,
Unfailing sympathy,
Undying love . . .

MRS. SARAH NEFF, Cafeteria Manager

Spartans coming back from Christmas Vacation were saddened to hear that Mrs. Sarah Neff, our Cafeteria manager, had passed away on Christmas Eve of a heart ailment.

Hers was a familiar face around the campus for three years. On the opening day of Sierra High School in 1957, Mrs. Neff assisted in setting up and managing our snack shack, which she supervised until last year when she took charge of our new cafeteria.

Mrs. Neff received her first job at Whittier High School in September of 1951, and after finishing her job there, she went on to California and Santa Fe High Schools and Long Vista Elementary School where she supervised in the opening of their snack bar and lunch room.

She contributed much to our school and did an exceptional job. She will be remembered, not only by her co-workers, but by many students and staff members as well.

Four years ago Sierra High School opened its doors for the first time. Since then, the campus has seen many changes. Students attended classes in unfinished rooms with workmen, who added such skills as painting, carpentry and electricity to the lessons being taught. New buildings have been added, and trees and grass have replaced the fields of dirt that were turned into mud-holes with the autumn rains. This year, 1961, will witness the graduation of the first senior class to have been in attendance at Sierra for four years. These seniors can recall how the campus slowly changed during this time. All one needs to do is ask them, and they will tell him about classes without lights or heat, about waterless drinking fountains, and about assemblies held in the quad. Yes, things have changed, but the students have changed also. No longer are they confused, naive freshmen, full of anxiety and bewilderment. During the past four years, they have grown into mature young adults, more confident of their abilities, and better equipped to meet the challenges that lie ahead. What has brought about this change in them? This is a question that cannot be answered fully. Each person is the product of many events spent in high school, that he has experienced in the development of the complete picture. These four years spent in high school are greatly instrumental in the development, for no two students have been affected alike by the various events which have occurred. For each of them, the process of becoming a poised, well rounded person can be compared with the putting together of a giant puzzle. The final picture is the result of carefully selecting the correct pieces and placing them together in the right combinations.

So, now as future classes proceed on their way through Sierra's portals, they too shall be completing one part of the intricate puzzle of life . . . that of the student.

Completing The Picture

Thanks

Mrs. Terry Dewyer

Cashier

Most people who visit any campus for the first time begin to form an impression of that campus on the basis of the welcome they receive as they arrive. Visitors to Sierra have never failed to be greeted by the warm, cheerful individual who acts as "ex officio" greeter for Spartanville.

For the past four years, since the first day that classes convened on the Sierra High campus, the Main Office has been a general information center, ticket booth and students' supply store. This, however, is only a small part of the picture that students and visitors see. The other side includes the handling of all funds that pass in and out of the school treasury.

In the main Office of this campus is a charming person who makes a friend of all students and faculty members. Because this is a busy center of student activities as well as a welcome station for students and visitors, her warm smile has given cheer and friendship to all who enter. Visitors and guests have received a good impression of Sierra from her.

The pictures on these two pages represent a small sample of the work done by the person in charge of this office—Sierra's cashier. Thus for all the hours of time, help, understanding, and loyal service you have given the students and faculty so that we might enjoy the smooth running organization we do, it is to you Mrs. Terry Dewyer, that we dedicate this, the 1961 Oracle.

In every picture puzzle there are certain pieces which form the basis for the whole picture—those pieces which set the pattern for the final product. In our puzzle too, there are certain key pieces represented by the faculty and administration of the school. These are the men and women who show us the way, who guide us toward the final goal—becoming well-rounded individuals.

Most of the students seldom come in contact with the people pictured on this page, but the effects of their work are widely felt by each person in the Whittier Union High School District. They are the persons who translate the policies established by the Board of Trustees into practical reality, by solving the everyday details that arise concerning budgets, maintenance, curriculum, personnel and a multitude of other problems that occur throughout the year.

As we mature through the years, our respect for their foresight in planning will grow.

Running a school district can be a puzzling job, but the five men on the Board of Trustees have gone a long way toward solving that puzzle this past year. To meet the growing educational needs of the community, they have made many changes in the curriculum and the organizational pattern of the high schools. They have also solved many of the problems connected with the opening of a new school next year.

These hard-working men receive no salary. The only compensation for their work is the satisfaction of helping to obtain better standards of education for the high school students in the Whittier Union High School District. The Board of Trustees should be thanked by everyone for the many hours they have spent in dedicated work.

This Oracle marks a significant step in the progress of Sierra High School since the freshmen who opened the doors of Sierra for the first time in September of 1957, are graduating seniors today. They, together with the class of 59 and 60 have given life to empty buildings and created a school.

We hope that Sierra High School, in turn, has given them the knowledges and preparations that will serve them well. We wish for success and happiness in everything they do. Bon voyage for a new life!

And to all the undergraduates who also have contributed and who will continue to contribute to the successes of our school, our best wishes, congratulations, and thanks for the outstanding record of accomplishments recorded and portrayed in story and pictures on the pages of this book.

Student

In each person there is the basis for leadership. However, such qualities must have a chance to be developed through experience and hard work. At Sierra, many student body and class offices provide such worthwhile training for future leaders of the community and the world. Students gain practical experience in our American heritage of free democratic elections and responsible leadership.

Under the leadership of President Mary Hartley, and with the help of the cabinet, this year's Girls' League represented a smooth running, hard working unit. Together they accomplished many things, the most outstanding of which was the annual Fall Follies and Girls' League Dance.

October 21 and 22 saw nine groups of girls participate in various skits as they sang and

danced their way through "Wonderland" in this year's **Fall Follies**, "Through the Looking Glass." Later in the year, on the night of December 17, their annual formal dance was held. Centered around a Christmas theme, "Snowfall," the dance enchanted everyone as girls and their escorts waltzed around a giant lighted tree in the center of the gym.

SENIOR OFFICERS
SENIOR COUNCIL
CLASS MEMBERS

The graduating senior finds that the puzzle of schooling is nearly solved, but the realization of another, an even larger puzzle, looms in the future—life. Now is his chance to call upon the many knowledges, skills and associations he has acquired, to see him through the future. He must be ready to assume his place in life, to meet life with a clear and open mind; with the security of knowledge, hope and trust in his heart. He has shown in a thousand ways these past four years that he is ready to assume such responsibility. His training will not fail him.

Class

Dear Senior Class:

As president of the Senior Class, I am proud to know that I tried to make our school a little better. The Seniors this year should all be proud of having gone to Sierra because we were the first class to attend all four years at Sierra.

This year has gone by faster than all the years of high school. We have had a lot of events and sales which have gone together to make a better school year.

Soon commencement will be here and the Seniors will go their own way, remembering what Sierra has meant to them. The next senior class should realize that Sierra is one of the best schools around and try to keep it that way, which I am sure they will.

Sincerely yours,

Who would be Sierra's representative in the 1961 Rose Parade? This was the question facing five anxious girls as they waited to hear who would ride Whittier's float, **June in January**. When the magic moment arrived, a surprised Sallye Howell found she would have the privilege of representing her school.

Adorned in a lavender formal and wearing her usual sparkling smile, she added much to an already beautiful float. She was the pride of Sierra.

The members of the other classes have a little while yet before they must leave the protection and security of home and school. They are still busy fitting together the pieces of the puzzle of becoming prepared for the future. Their daily activities are directed toward this one goal — preparation for the future. GARY BRAAKSMA
President

Dear Junior Class,

Your class council was very appreciative of your help in its major project, the Junior-Senior Prom. Much of the council's credit for the success of the committees must be given to non-council members.

The council was faced with the task of raising money to help pay for the Prom and to add to our class treasury. We met this need by holding dances and having quad sales. The remaining money in our treasury will be spent for our all-night party and our class gift.

The council greatly appreciated your support in the decisions and actions. I would also like to extend my appreciation to the council members for their aid in making our class run smoothly during this school year.

Sincerely,

Gary Braaksma

Sophomore Class Council

GENE BREAM
President

Dear Sophomore Class,

Your Sophomore class has, with the help of very fine counselors, done an outstanding job this year. The first project of the year was Sierra's Slave Day, always hilarious events. The pool fund was increased by fifty dollars with the contribution our class made. Several noon dances and cake sales were other projects of the first semester.

The second half of the school year was busily spent with such activities as ordering class rings, a dance in April and a field trip, which terminated a year of great achievement and service to Sierra High School.

Sincerely,

Gene Bream

Freshman Class Council

DON THORNBURG
President

Dear Freshman Class,

This year our combined efforts have led to the rewriting of our class Constitution, and the distribution of the proceedings of the Freshman Council to all Freshman basic course classes in order to provide a better understanding of our Spartan government.

But our true time of greatness lies ahead in the near future. If we can unite even further and maintain our high rate of progress, we can look forward to establishing a place of honor in the progressive history of Sierra. We are, indeed, the creators of Sierra's future greatness.

Sincerely,

Don Thornburg

Alma Mater

All hail to Sierra

We stand to your gloried fame,

As proud as the mountains

Which loftily share your name.

This song now we raise

In thanks and in praise

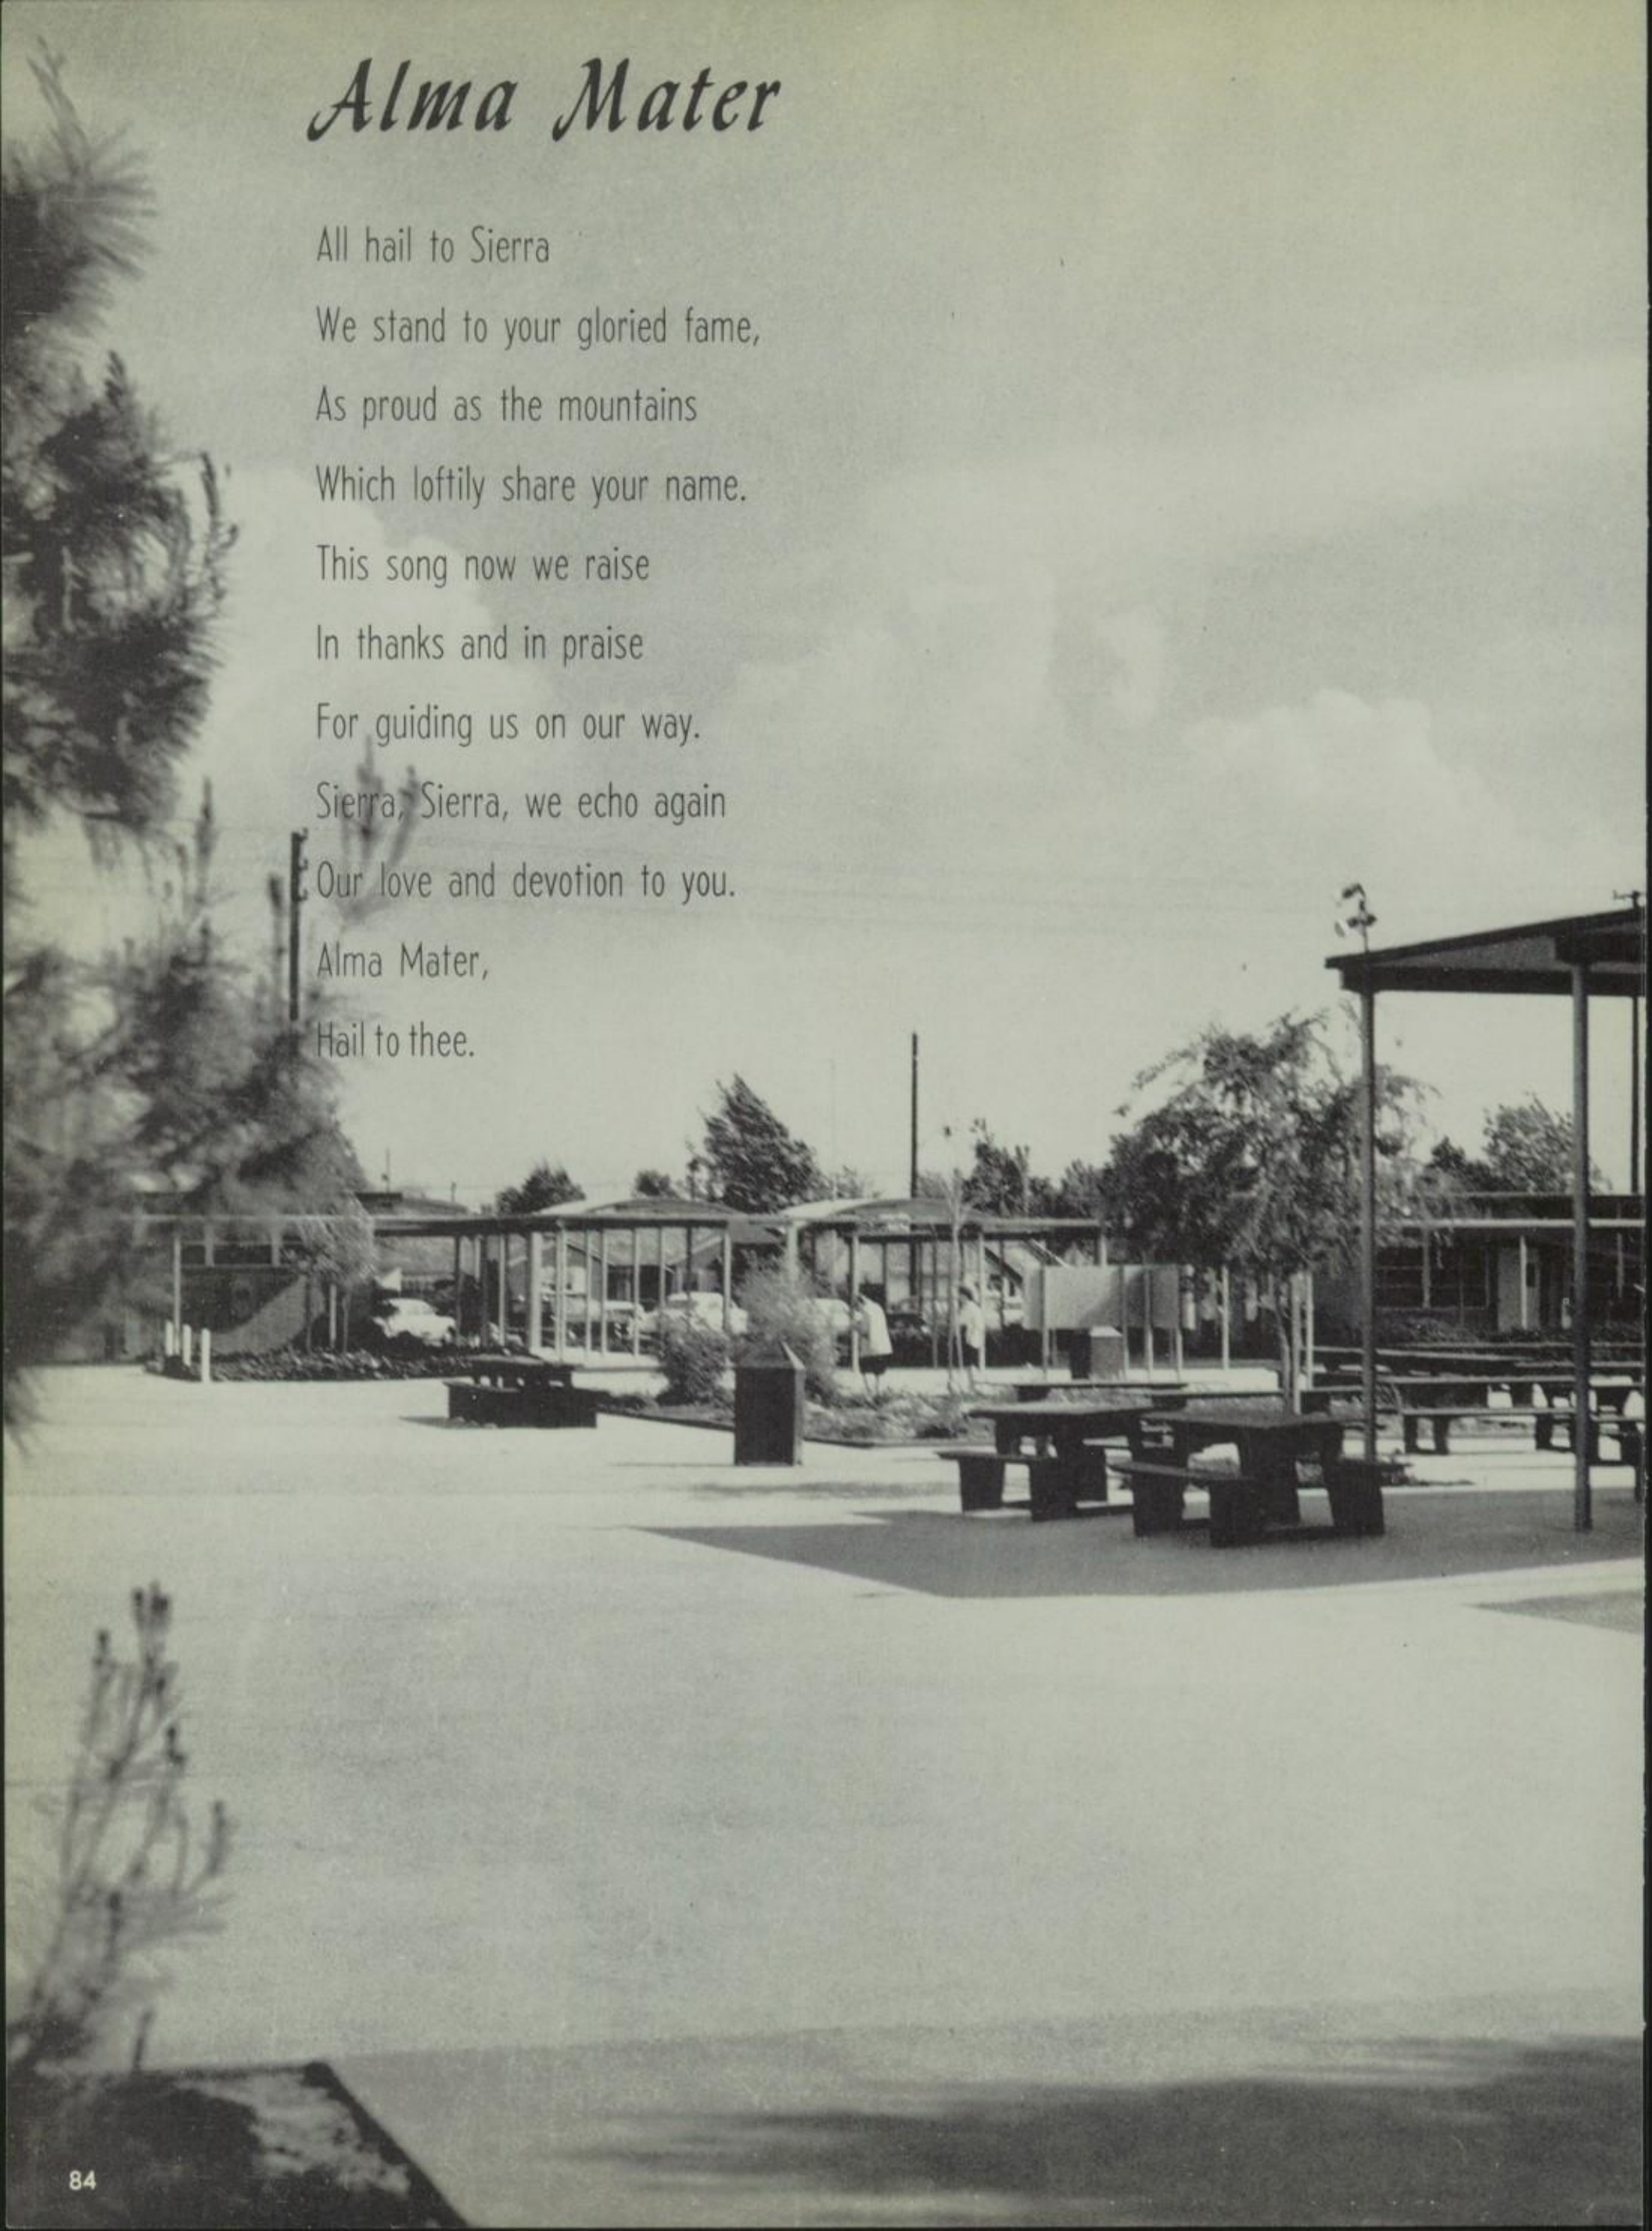

For guiding us on our way.

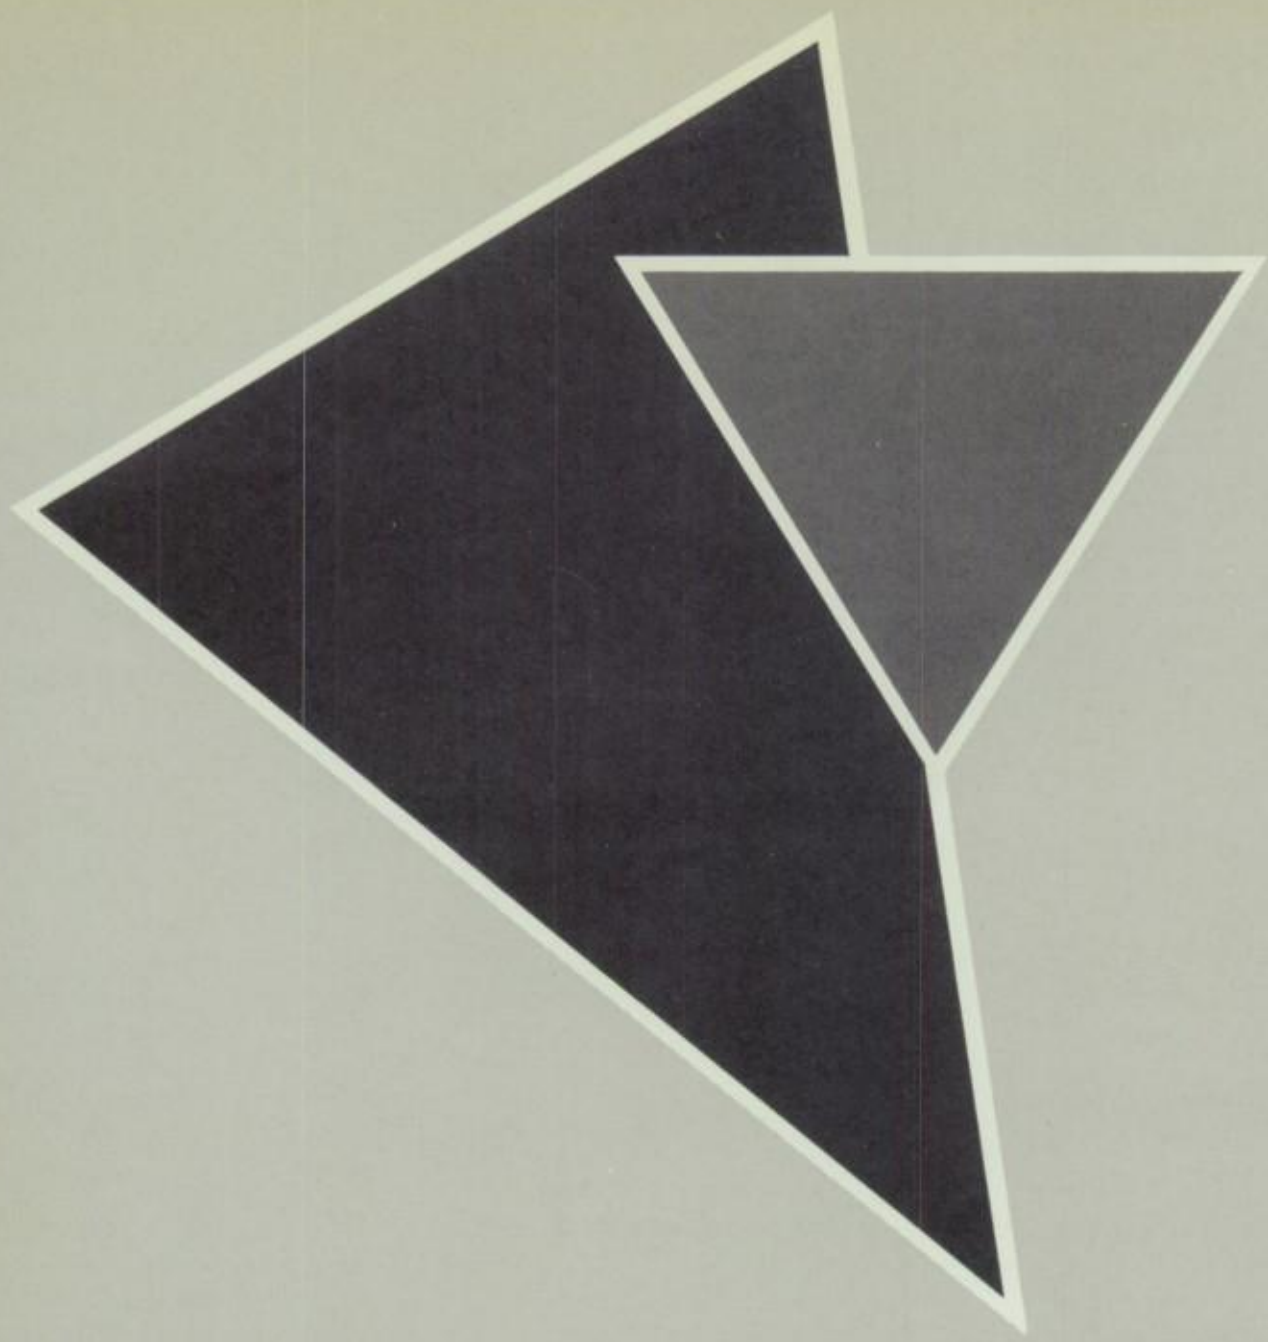

Sierra, Sierra, we echo again

Our love and devotion to you.

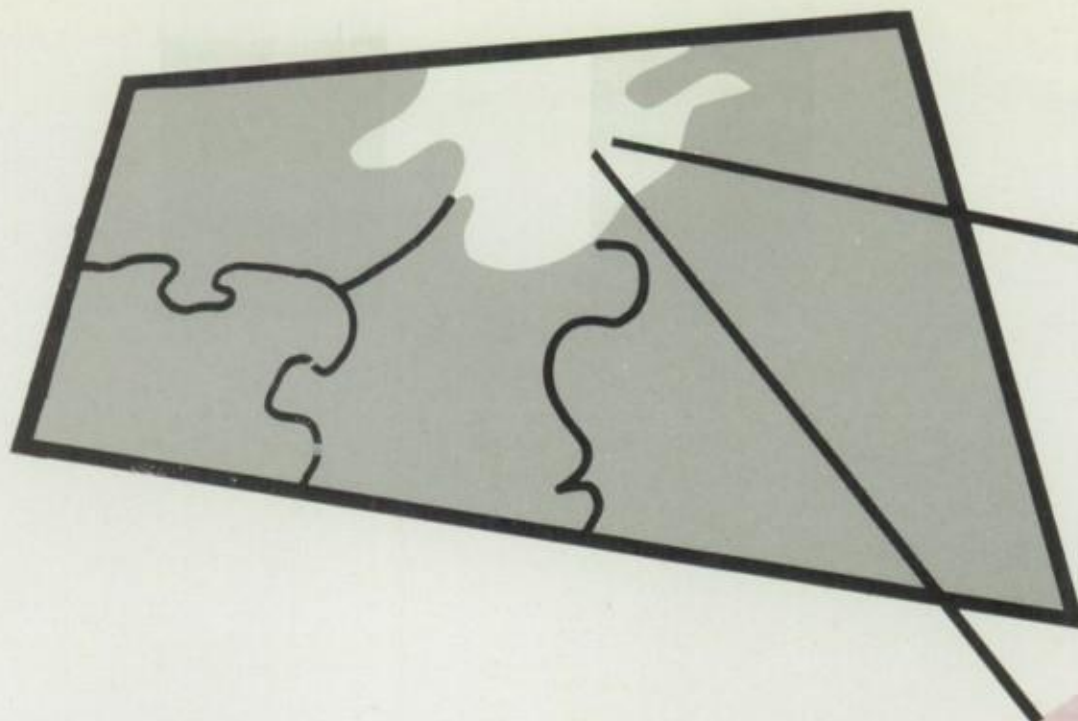

Alma Mater,

Hail to thee.

ORACLE STAFF

SWORD AND SHIELD STAFF

Besides formal classroom work, the modern school provides ample opportunity for everyone to gain experience in all lines of interest. The varied club program enables students to pursue their interest in hobbies, and in recreational and vocational fields. Through carefully planned activities, students become more closely acquainted with teachers and friends who share common interests. A well-planned program of projects, guest speakers, and field trips enables students to satisfy their quest for knowledge far beyond the confines of the classroom.

"They said it couldn't be done." Yet in spite of dire threats from our publisher, and despairing glances from our adviser, Mr. Richard B. Smith, the annual staff, through constant prayer and faith in miracles, finally pulled the book through.

During the course of the year, a visitor could find the staff in all corners of the publications room, among piles of layouts, stacks of copy and rummaging through boxes of undeveloped negatives.

With deadlines to meet . . . and often miss, we groped our way through the year. We sweated, complained, and threatened to give-up, but we kept at it all the time. So now what you have before you is the product of hours of work, hundreds of headaches, and barrels of fun.

But to make a long long story short, here it is, and we hope you enjoy every puzzle piece as much as we enjoyed putting them together.

School life is not all work. Not by any means! What would school be like if there weren't moments when a person could just relax and have a good time? Learning social skills is just as an important a part of life as learning academic skills. The many dances, assemblies, rallies, and student projects and drives provide needed release from tension and give students the opportunity to learn to work together with respect for individual rights and differences.

In the skit, "Alice for Tea," Alice was eagerly greeted by eighteen African headhunters and was surprised to find she was the main course in the menu.

It was a happy day throughout Wonderland as the cards went on parade in the "Land of Cards."

Despite the title "A Very Merry Unbirthday Party," Alice, the Mad Hatter, the March Hare, and the girls had a wonderful time.

A Chinese version of Alice was portrayed in the skit, "Hong Kong Wonderland."

Alice and her companions appeared periodically throughout the program to set the scene for the various skits.

As a prelude to the main program, the girls' glee presented a series of songs.

Varsity-Alumni Game

On the evening of March 4th, Sammy and Suzie Spartan were busy welcoming the Alumni back to witness a fast moving game between this year's Varsity team and the past basketball greats of Sierra.

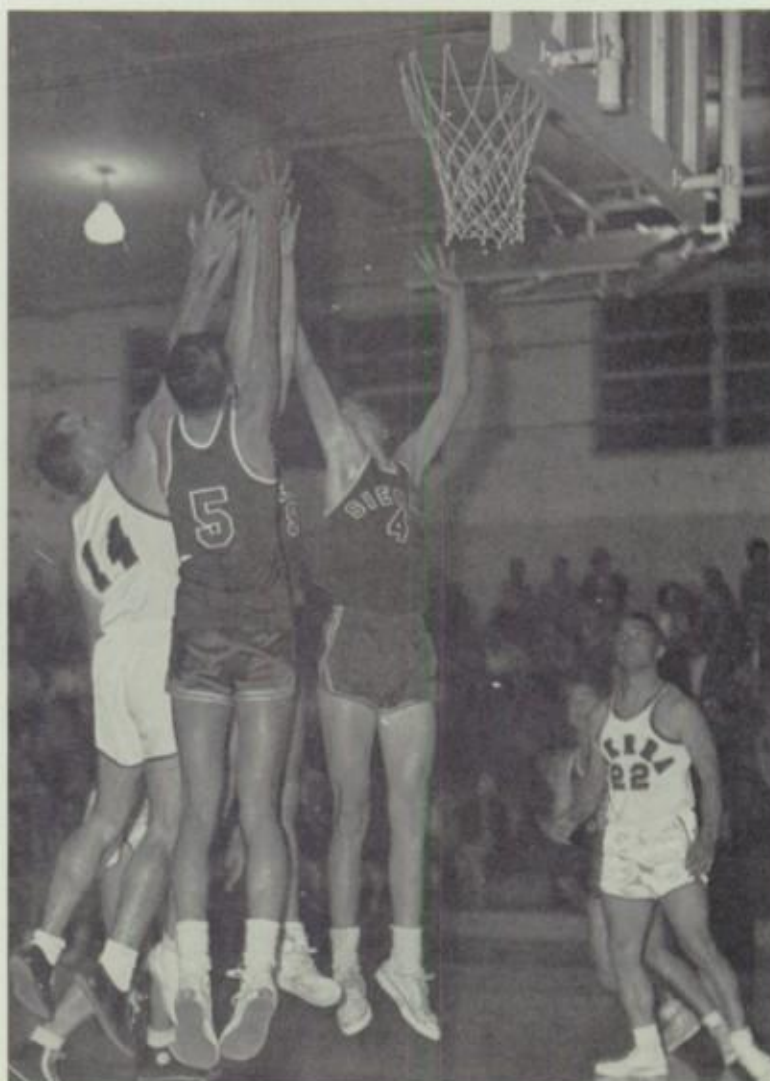

The spirit at the game was sparked by the continued close score which ended 46-42 in favor of the Alumni. The game was followed by a well attended dance in the Girl's Gym which completed an enjoyable evening for all.

The Winter Play, “The Matchmaker,” written by Thornton Wilder was a big success when presented on December 1st and 3rd of this year.

The audience marveled at the characters as the hilarious comedy built around an elderly gentleman of yonkers who decides to take a wife, unfolded. To accomplish this, he hires a matchmaker who becomes involved with the personal problems of several others in the course of her duties. The play concluded as the matchmaker solved their problems as well as her own, finding herself a man—her boss.

Lincoln Day Assembly

MR. JOSEPH ADLER
Author and Director

Celebrated day for us all.

On Friday, February 10, the student body was enthralled when one of the most spectacular assemblies of the year was presented in commemoration of the 152nd anniversary of the birth of Abraham Lincoln.

The presentation was the combined effort of many elements of Spartan talent. The entire production was written and staged by Mr. Joseph Adler, a teacher of U. S. History for the past three years. On stage, members of the drama department enacted scenes from the life of the "Great Emancipator" in pantomime as student narrators set the mood with stimulating dialogue against a background of music and poetry of the Civil War era.

Girls'

One of the most anticipated events on Sierra's campus this year was the 3rd annual Girls' League dance, held December 17th in the Boys' Gym.

In keeping with the chosen theme, "Snow-fall", and the Christmas spirit, the gym was decorated in a green, silver and white decor centered around a huge Christmas tree.

The planning of this, the year's first formal dance, was accomplished by the Girls' League cabinet, headed by Kathy Conner, and their adviser, Mrs. Dorothy Brewer. Due to their hard work and planning, the evening was greatly enjoyed by all who attended.

The Lang Sisters added sparkle during one of the intermissions.

LaDAUGHN THOMAS
Homecoming Queen

As Athletic Chairman Steve Foote crowned LaDaughn Thomas queen at the homecoming assembly November 10, in the boys' gym, an applause of approval thundered forth from the student body, alumni, and faculty. After being presented with a bouquet of red roses, she ascended to the throne with her four princesses, Pam Austin, Kathy Welsh, Marguerit Gott, and Virginia Osuna.

The queen and her court wore formals at the assembly, but broke from tradition and wore blue-gray sheaths at the football game. During half-time activities, the royal party, along with its escorts, was driven around the field in shiny new convertibles. The band and the drill team dedicated their show to the alumni and to LaDaughn and her court. The evening was climaxed by the homecoming dance which featured the music of "The Notables."

This year the varsity football team had fair success in league play, winning two games and losing three. Under the leadership of co-captains Frank Lopez and Larry Bachman, the team was tied for the league title until the last game of the season, in which the Rosemead Panthers beat the Spartans 14-0.

Two of the most important games this year were with California and Arroyo High Schools. Against the crosstown rival, Cal High, the team lost 7-0, with the Condors making the touchdown and extra point late in the game. In the homecoming game against Arroyo High, the Spartans were downed 20-0, after a hard fought battle.

With the return of several lettermen, head coach, Mr. Don Stillwell, and his assistants anticipate an even more successful season in the forthcoming year.

O'Neil makes a desperate lunge for the ball.

The season's record of 12 wins and 10 losses treated fans of the Sierra basketball team to a year of unexpected victory and also to a year of unanticipated defeat.

For the first time in the four year history of Spartan athletics, the varsity team captured the mythical Whittier Union High School District championship by defeating El Rancho, Whittier, Calhi, and Santa Fe.

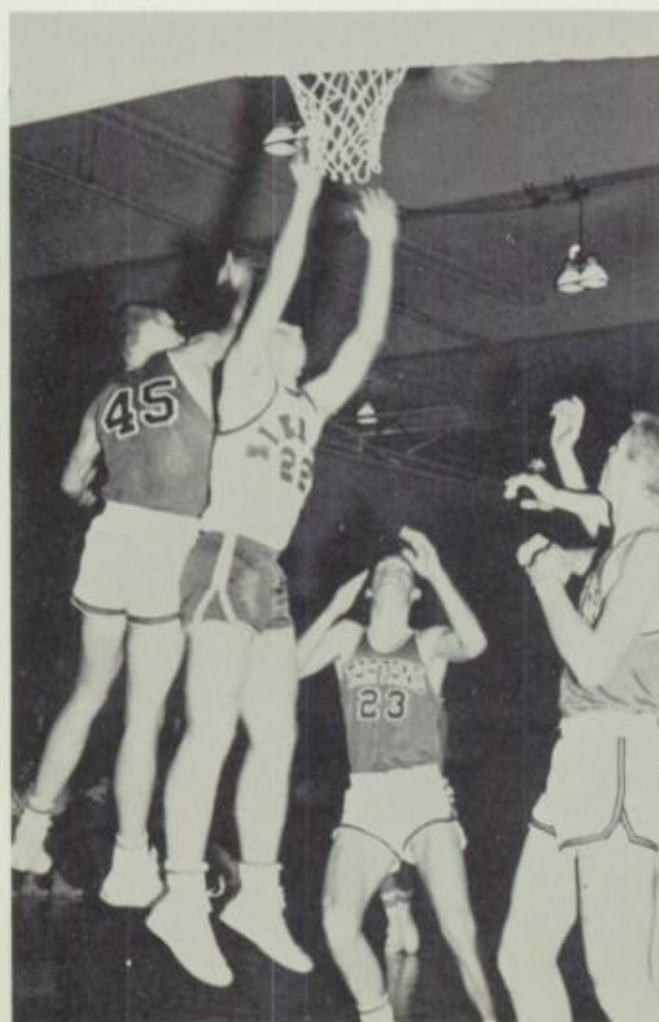

When action began in the Sierra League, the Spartan story was less impressive. Only a sudden three game spurt of wins enabled the team to escape from the league cellar into a final tie for fourth place.

Bob Morton does some scissors on the side-horse.

Peterson completes a front flip.

Baker does a back-layout.

Chuck Barba vaults the long-horse.

Roger Peterson demonstrates a yogi hand stand.

Gymnastics

Chuck Barba does a hand-stand on the parallels.

Sierra's gymnastics team, lacking enough seasoned members, was outnumbered and out scored in the four dual-meets and the one tri-meet in which they participated this year. Although having a poor score in the win column, the gymnasts showed good results on an individual basis, with Roger Peterson, Bud Baker and Captain Bob Fulcher compiling impressive records for the season.

Runyan presses in to a hand-stand on the rings.

A back-lever on the rings is executed by Bob Fulcher.

Ron Bollins climbs the rope.

Williams does a swan on the Free-ex floor.

After four long years, the pieces of the puzzle now fit into place and the picture is complete. This year Sierra is graduating 280 young men and women who are the products of innumerable school influences and experiences. Each person is as nearly a well-rounded individual as it is possible for the school to produce. Each has gained a great deal of knowledge that will serve him for a lifetime; yet it was never once forgotten that society is made up of individuals, and through a constant system of observation and counseling, careful attention was given to meet the needs and training of each as an individual. We feel confident that in years to come, each will not find his preparation lacking. For who can foresee just which of the many skills and experiences they have gained will be needed? They must be trained to face and meet whatever time will produce with honesty, courage, knowledge, and faith—faith in himself and his society. This, we believe, he can do.

In Appreciation

As this, Sierra's fourth Oracle comes to a close, I wish to take this opportunity to thank the many people who aided the staff in millions of ways this year.

The first, of course, would be Mr. Richard B. Smith, our adviser. Without his experienced guidance, this book would not be here.

I would like to give a special thanks to the members of the administration for the many services they performed for us this year. Thanks to Mr. John Chickanzeff, Mr. Robert Wolstoncroft, Mr. Peter DeVries, Mr. Orval McLellan, Mr. Arthur Harshbarger, and Mr. Jack Landis.

For the help they so graciously offered, we owe a debt of gratitude to the following teachers: Mrs. Lorraine Lewis, Mr. Harold Frey, Mrs. Cecilia Throp, Mr. Len Craven, Mrs. Frances Heussenstamm, Mrs. Mildred Hofstedt, Mrs. Jacqueline Warren, Mrs. Dorothy Brewer, Mr. Don Herman, Mr. Orville Hinshaw, Mr. Robert Laidlaw, Mr. Ellis Price, Mr. Joseph Marshall, Mr. Joseph Adler, Mr. Frank Matranga, Mr. Fred Martin, Mrs. Imogene Forker, and Mrs. Ruth Hughes.

Many thanks to these members of the secretarial staff for their outstanding contributions: Mrs. Pauline Isbell, Mrs. Terry Dewyer, Mrs. Kay Sponsler, Mrs. Betty Somes, Mrs. Beth Hughes, and Mrs. Helen Bee.

The staff would have been greatly handicapped without the following students who helped with copy and photography: Glenn Sneddon, Paul Furukawa, Ray Lundeen, Gary Braaksma, Gene Bream, Don Thornburg, Kathy Bradley, Dave Dixon, Jim Johnson, Steve Hulen, Ralph Hahn, Mike Nero, Richard Decker, Mike Shorb, and Tom Edwards.

A very special thanks to Mr. Robert Watson and his fine staff for their very excellent photography work, and to the S. K. Smith Cover Company, and the Taylor Publishing Company.

Of course, I couldn't forget the members of my staff. At times we didn't think we would have an annual this year, but somehow we managed to pull through.

The staff wishes to thank the advertisers who helped with our expenses by buying ads. Please remember to show them your thanks by patronizing them.

Last, but not least, we of the Oracle staff wish to thank you, the Student Body, for all of your help and participation in making this annual a great book.

Sincerely,

Linda Fox Ashe
Editor-in-Chief
